Sir:

**REQUEST FOR CERTIFICATE OF CORRECTION**  
**WITH REQUEST FOR EXPEDITED ISSUANCE UNDER MPEP § 1480.01**

Pursuant to 35 U.S.C. 254 and 37 C.F.R. 1.322, this is a request for the issuance of a Certificate of Correction in the above-identified patent. A copy of PTO Form PTO/SB/44 is enclosed. The complete Certificate of Correction involves one (1) page. The mistakes identified in the appended Form occurred through the fault of the Office, as clearly disclosed by the records of the application which matured into this patent, and therefore, no fee is required.

Issuance of the Certificate of Correction containing the correction is earnestly requested.

In a Decision on Petition mailed August 26, 2008, and a Corrected Filing Receipt mailed September 4, 2008, relating to U.S. Provisional App. No. 60/458,672, the Office corrected the filing date of U.S. Provisional App. No. 60/458,672 to be March 28, 2003 because the option to

Receipt mailed

take the later filing date was not available. (See page 2 of the Decision on Petition mailed August 26, 2008).

Further, while the first paragraph of the originally filed disclosure in Application No. 10/807,770 indicated a filing date of March 28, 2003 for U.S. Provisional App. No. 60/458,672, the filing date was apparently changed during the publication processing for the present patent.

Thus, issuance of a Certificate for Correction is respectfully requested. In addition, expedited issuance of the Certificate of Correction under MPEP § 1480.01 is respectfully requested. If there are any other fees due in connection with the filing of this request, please charge the fees to our Deposit Account No. 50-0310. If it should be determined that any of the mistakes resulted from an error made in good faith by Applicants, then, pursuant to 35 U.S.C. 255 and 37 C.F.R. 1.323, it is requested that a Certificate of Correction be issued correcting such mistakes. Under such circumstances, it is requested that the fee set forth in 37 C.F.R. 1.20(a) and any additional fees needed in connection with the filing of this request, be charged to our Deposit Account No. 50-0310.

This request is being filed by the undersigned with the authorization of and at the request of the patentee, Nicholas R. White.

Respectfully submitted,

**MORGAN, LEWIS & BOCKIUS LLP**
